25X1A	by an sidere change restau report	Comment: Three independent sources are in accord in stating that the LSIPZIG-MOCKAV airfield is not occupied by an air unit. According to this report - thich is considered credible - the occupation of the field has not changed since 20 July 1949. The statement that the airport restaurant was nowly furnished was corroborated by a press report, according to which the LEIPZIG-MOCKAV airfield was scheduled to be used by commercial aircraft during the LEIFZIG Autumn Fair.
